

EP English - AU Content Development Plan

July 2016-January 2017

Year Level	Project	Description	Completion Date
Year 7	<i>Spelling</i>	A comprehensive spelling resource informed by NAPLAN and state spelling lists. The spelling lessons will include audio files of the words and full sentences to provide context.	January 2017
	<i>Reading Comprehension</i>	A comprehensive set of reading resources aimed at raising literacy levels. A variety of extracts, text types and question types will be included in order to help students develop their inferencing, sequencing and vocabulary skills. The lessons will support students at low levels of reading and those requiring extension in their reading comprehension. The first set of reading resources will include lessons for beginner, intermediate, advanced and extended learners with the goal to expand on this and provide a multitude of textual resources per level by July 2017.	Set 1 - January 2017 Resource Completion - July 2017
	<i>Diagnostic Tests - Reading Comprehension and Language Conventions</i>	A set of four diagnostic tests assessing Reading Comprehension and Language Conventions. Each test will be linked to a wide bank of recommended resources to address test performance. <u><i>The recommendation links will provide reading comprehension and language convention resources for students requiring low level support and high level extension.</i></u> These resources are being created to align with the Australian Curriculum.	January 2017
	<i>NAPLAN Practice Tests</i>	A set of two NAPLAN practice tests created to align with the official NAPLAN tests. Reading Comprehension, Language Conventions and Writing practice components will be available. This resource will serve as a pre and post test in order for students to address areas of weakness and then re-assess to evaluate improvements. This will assist with literacy tracking and NAPLAN preparation. These tests will also be accompanied with recommendation links to resources which directly address the students' test performance.	January 2017

	<i>English Skills - Punctuation</i>	A comprehensive bank of punctuation resources divided into levels of difficulty in order to allow for low level support and higher level extension.	September 2016
	<i>English Skills - Grammar</i>	A comprehensive bank of grammar resources, created to align with the Australian Curriculum, divided into levels of difficulty in order to allow for low level support and higher level extension.	January 2017
Year 8	<i>Spelling</i>	A comprehensive spelling resource informed by NAPLAN and state spelling lists. The spelling lessons will include audio files of the words and full sentences to provide context.	January 2017
	<i>Reading Comprehension</i>	A comprehensive set of reading resources aimed at raising literacy levels. A variety of extracts, text types and question types will be included in order to help students develop their inferencing, sequencing and vocabulary skills. The lessons will support students at low levels of reading and those requiring extension in their reading comprehension. The first set of reading resources will include lessons for beginner, intermediate, advanced and extended learners with the goal to expand on this and provide a multitude of textual resources per level by July 2017.
